

# Kindergarten Math Review Dialog- One More

## 1. Independent

Show Ss the number. Ask students:

Show me one more using five frame and cubes.

## 2. Partner: Agree and Disagree? Why?

Partner A please turn to your partner B and tell them what # is one more than \_.

Partner B tell them if you **agree or disagree** and explain **why**? Then switch.

## 3. Process: Choral/Echo Think aloud

Ss join the T in answering the problem correctly.

To show one more with my cubes, I picked up one cube at a time and placed it on the five frame and counted one by one until I got to \_\_\_ and counted 1 more...

Count with me... 1, 2, 3, 4, 5....

## 4. Reflect:

I would like for you to reflect on what you did, please tell your partner

"I was successful because..." Then switch.

I would like to share \_\_\_\_\_'s reflection... (pick 2, one good, and 1 to refine)

## 5. Key Idea:

The number increases when you add 1 more.

(Ss say it to the sky, say it to your elbow, say it to the floor.)
