

Problem-Solving Task Write-Up Guide: Primary

Directions:

1. Write your name on a piece of paper.
2. Solve the problem using words, pictures, and/or numbers.
3. Number each step as you work to solve the problem.
4. Write a number sentence to match your problem.
5. Write your answer in a sentence under your solution.
6. Now write a short paragraph that explains, step by step, how you solved the problem.
7. Use math vocabulary.
8. Use this write-up guide to help you write your paragraph:

Write Up:

First I _____.

Then I _____. After that

I _____.

Finally, I _____.
